

Mimi Cusick
Montage Mountain Ski Patrol
E023-206072

If selected as Northern Section Chief, I will work to be an effective representative of the patrollers in this section. I will visit as many of the NSP events in the Northern section as I can to meet and talk to a good sampling of our patrollers. By doing this, I can get a feel for the concerns our members have as well as the praises that deserve to be shared with Regional leadership. I will be a conduit of communication for the little guy who does not have the opportunity to meet or talk to Regional leadership.

I also see this position as a way to promote and support the programs and ideals of the EPA Region. I welcome the opportunity to represent the patrols of the Northern Section at the Regional meetings as well as at the Division meetings.
