Platform

As the SW Section Chief I will:

1. Maintain the current outstanding recognition status of the Southwest Section in Eastern PA Region and levels above. To help each of our Patrols strive towards becoming the finest Ski Patrols in the region as well as one of best patrols in the nation. This status is one that we must all continue to work hard and earn every day respect with our local area management, peers, the local outdoor snow sports and EMS community.
2. Support obtaining and promoting awards and recognition for Southwest Section patrollers. Ensure our patrollers are recognized for their dedication and role in supporting Southwest Patrols, area management, Section and Regional programs including local community services.
3. Ensure three top-notch OEC Refreshers are scheduled per season in the SW Section (one for NSP OEC Instructors and two for the patrollers).
4. Ensure two quality NSP S&T Clinics conducted per season in the Southwest Section.
5. Support all NSP Continuing Educational Programs and work hard to get Continuing Education Programs scheduled in the Southwest Section.
6. Work hard to resolve any issues as requested by Southwest Section Patrol representatives.
7. Assist Southwest Section Patrols with training and mentoring programs.
8. Help develop and promote SW Section patrollers and area management with community service programs including Special Olympics, Scouting organizations, and veteran service groups.
9. Assist in developing more involvements with the EPA Region and levels above the Section's involvement with the NSP Alumni Member Program as active local alumni program can assist with local patrol's member services. Promote keeping our past members active with their Patrol Family. Propose an annual Sectional NSP Alumni Day during the snow sports season.
10. Attend and represent with honor and dedication the members of the Southwest Section at all regional and division meeting as deemed necessary.
